

POV39

YOUR VISION. FULLY REALIZED.

YOUR VISION. FULLY REALIZED.

The intelligent video studio for creators and brands.

IDENTITY SYSTEM • iOS FIRST • 2026

THE IDEA

More than an editor. A creative partner that knows your perspective.

PERSPECTIVE

Every creator starts with a unique point of view.

INTELLIGENCE

Brand memory makes better edits, not generic outputs.

MOMENTUM

Shoot, upload, refine and publish with less friction.

Why 39?

A founder story inspired by 3, 6 and 9. Subtle meaning; not consumer-facing numerology.

THE SIGNATURE

One consistent vector mark. Two contrast systems. No alternate logo drawings.

PRIMARY LIGHT

PRIMARY DARK

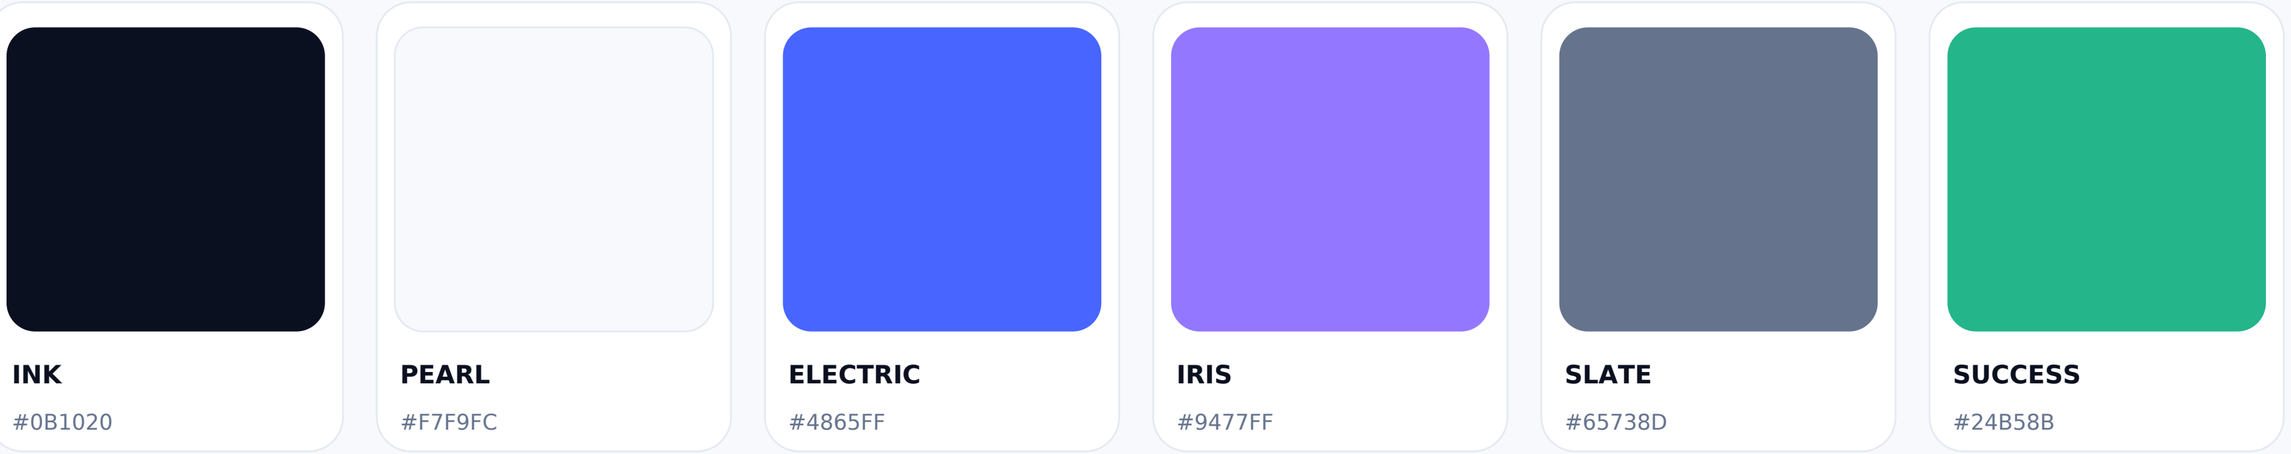

APP STORE

COLOR IS FUNCTION

A neutral interface; electric accent reserved for creative intent.

POV39

INTER DISPLAY / HEADLINES

Inter for functional UI. Noto Sans Hebrew for Hebrew text and RTL layouts.

Body 17pt equivalent on iPhone. Touch targets at least 44pt.

BUILT FOR THE FRAME

Content takes center stage. The interface stays focused and calm.

MOTION

A purposeful reveal; never continuous distraction.

MATERIAL

Blur only functional floating layers, not content.

ICONOGRAPHY

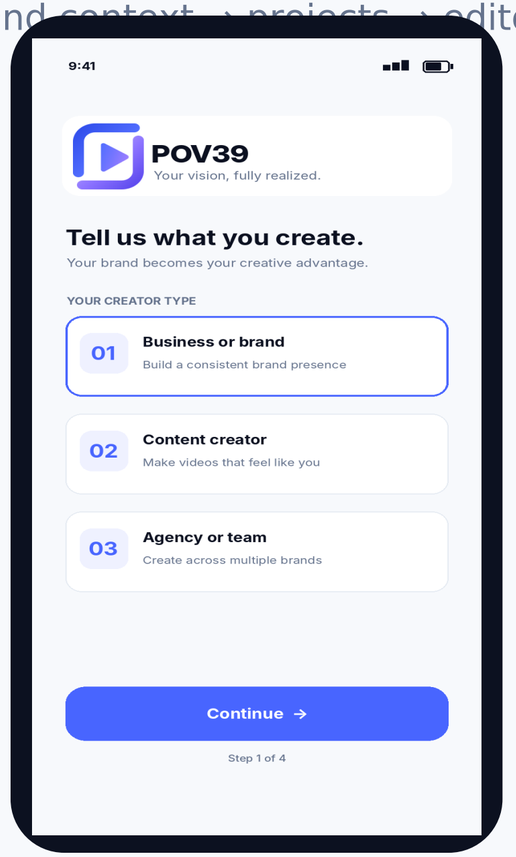

One consistent stroke system and clear labels.

EDITORIAL

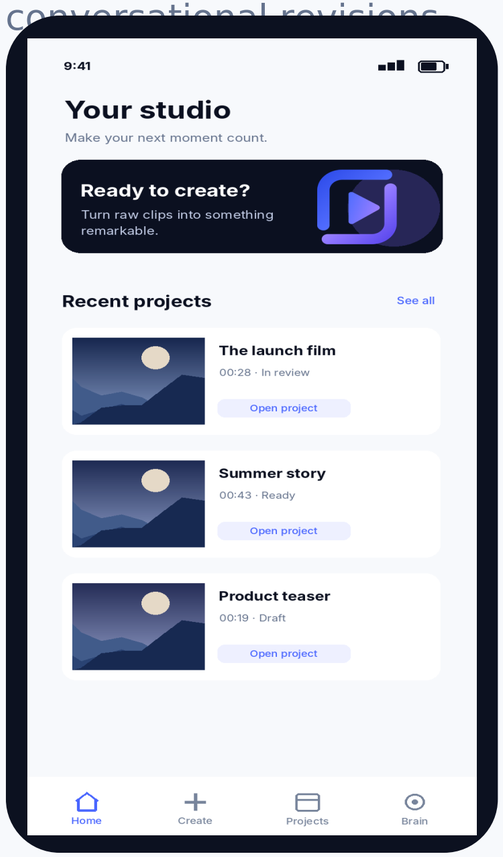

Before & after previews communicate real value.

THE CREATIVE FLOW

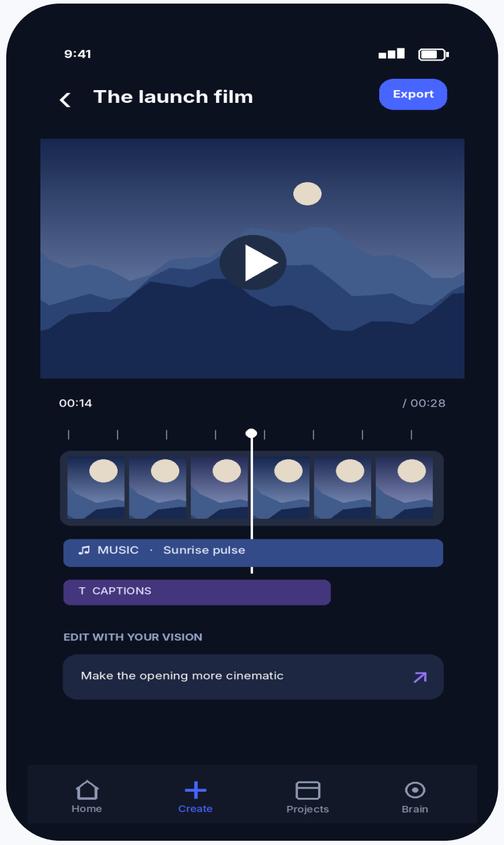

Brand context → projects → editor → conversational revisions

03 EDIT

04 REFINE

RTL IS A PRODUCT FEATURE

LOCALE-AWARE

Direction, alignment, icon order and input handling.

VIDEO FIRST

Media stays legible and controls stay reachable.

ACCESSIBLE

Contrast, text scaling, descriptive control labels.

RESPONSIBLE AI

No fake render progress or invented results.

READY FOR BASE44

Design implementation contract. Use real assets, not AI approximations.

LOGO	Use attached white/dark SVGs or PNGs. Preserve aspect ratios.
THEME	Implement light and dark tokens; enforce contrast on all text.
IPHONE FIRST	Optimize 390px viewport; account for safe areas and Safari WebView.
COMPONENTS	Cards, tabs, project list, editor, chat and brand onboarding.
INTERNATIONAL	RTL Hebrew / LTR English with locale-aware typography.
BACKEND	Preserve all existing Base44 entities, functions and access controls.
PROVIDERS	Never display internal generation or model supplier names.
IMPLEMENTATION	Replace the styling system before adding new features.
